& RESEARCH CENTRE, BHOPAL (M.P.)**
Near Airport, Pipalner Road, Gandhi Nagar, Bhopal (M.P.)

GREEN CAMPUS POLICY

Green Campus is defined as a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

The first step of the Go Green Program involves spelling out the strategies, plans and other allied tasks to make this Program functional officially. We at Rishiraj College of Dental Sciences and Research Centre believe that greening the campus is all about sweeping away wasteful inefficiencies, planting more and more trees, banning the use of plastics, creating an eco-friendly and pollution free campus. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of RCDS&RC will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly.

Major Green Campus Initiatives done in RCDS&RC:

Installation of Solar Power Station to minimize the energy consumption.

Rainwater harvesting

Tree Plantation Drive as we believe grow a plant grow the planet

Landscaping and gardens

Use of LEDs to increase the efficiency

Digital Library/ E-Learning Centre

Restricted entry of automobiles to reduce pollution in that zone

Ban of use of plastics in the campus

Use of battery operated vehicles in the campus for movement of patients, parents and students.
