

## PROGRAM REPORT

PROGRAM – Ganesh Utsav

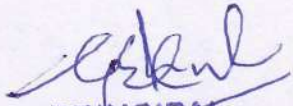

DATE - 23 September 2023

VENUE – RCDS&RC

### PROCEEDINGS OF THE PROGRAM

Ganesh Utsav was celebrated in the institute with full zeal and valor by the RCDS&RC student council committee in accordance with the cultural committee. The celebration started with a grand welcome of the Ganesh idol to the campus with dhol and lots of enthusiasm. Ganesh idol was installed(staphana) in the college for 5 days. The students decorated the pandal and the college for the welcome of Lord Ganesh. Maha aarti and pooja was conducted twice a day followed by some games and fun activities in the evening. The atmosphere at the campus was filled with vibrations and positivity assuring positivity to everybody for upcoming days. On the last day, hawan was conducted to conclude the Ganesh utsav in the best possible way which was followed by visarjan with dhol music and lots of gulaal. Everyone had mixed emotions of happiness and blessings while sadness that Lord Ganesh had to go. These 5 days were indeed the most enchanting days on the campus.

## PROGRAM REPORT

**PROGRAM** – Republic Day Celebration

**DATE** - 26 January 2024      7 AM onwards

**VENUE** – RCDSRC

**GUEST** – Miss Poojashree Chouksey

### **PROCEEDINGS OF THE PROGRAM**

75<sup>th</sup> Republic day was celebrated with grand enthusiasm and valor in Rishiraj College of Dental Sciences and Research Centre, Bhopal on 26<sup>th</sup> January 2024. Students and Faculty members filled with a feeling of patriotism and dedication gathered in the front garden area. The celebration started with the hoisting of the National Flag by the executive director of LNCT group of colleges Miss Poojashree Chouksey ma'am along with the principal, vice principal and OSD of the institute. The flag hoisting was followed by the National Anthem. In her speech, the executive director highlighted the importance of the Constitution and its unique features such as Sovereign, Socialist, Secular, Democratic and Republic enshrined in the preamble of the constitution. After which the principal sir gave an insight on the various accomplishments achieved by college and motivated the crowd for bringing more laurels for the college through their accomplishments for which the students were also awarded. The students in accordance with the cultural committee and student council committee conducted a cultural program to instill patriotism in the students where various representations of the classical art forms in the form of different dance performances and songs were performed by the students, giving a glimpse of the diversity in unity of the nation. The program ended with the message to create a great nation through collective efforts from all individual. Sweets were distributed among all the guests.

## PROGRAM REPORT

PROGRAM – Garba night

DATE - 16 October 2023

VENUE – JNCT campus

### PROCEEDINGS OF THE PROGRAM

Navratri is a Hindu festival celebrated in the autumn every year. It is observed for various reasons and celebrated differently in various parts of the Indian subcontinent. On this occasion, Cultural Committee of RCDS&RC organized Garba Utsav on 16<sup>th</sup> October 2023 from 7pm which was coordinated by cultural coordinators of JNCT university as well. All the Students, Faculty and Staff Members of RCDS&RC were invited to attend the event. Initially a practice session was also kept for the staff and students for a week before the main event so that the participants coordinate themselves with the songs played. The event was well attended by all the enthusiastic students, faculty and staff members in traditional grooming. The evening started with maha aarti followed by dancing on the tunes of cultural songs. All of them celebrated the day with joy and cheer. It was a colorful event with teachers joining the Students enthusiastically in their dance.

**"CHILDREN ARE THE WORLD'S MOST VALUBLE RESOURCE. THE WAY WE BRING THEM UP TODAY WILL DETRMINE THE FUTURE OF THE COUNTRY"**

A child's smile is like the sunshine; it brightens up your day&hence a child with healthy mouth is a sign of good general health that even has the capability to determine the future of the generation. Children who doesn't have good dental health can struggle with their day to day life as it can cause difficulty in eating, sleepless nights, attending school etc. This can be a problematic not only for children, but also for parents as it affects their work life too.Hence , It is crucial to raise awareness regarding various dental health issues.

On the occasion of children's day, Department of Pediatrics & Preventive Dentistry had organised an oral health awareness camp on 24<sup>th</sup> November 2023 at Mahatma Gandhi Government Highschool, Gandhi Nagar, Bhopal. By conducting such oral health awareness, it creates the right conception in their erupting minds.

The awarness programe included importance of teeth, oral hygiene measures for a good dental health, traumatic oral injuries & free oral health check up followed by instructions for various oral health problems that were faced by the children. Along with the instructions, timely referral to the Department of Pediatrics & Preventive Dentistry were adviced to the children, especially those who

are in need of treatment.

Children spent majority of their day in the school, rather than at home. Hence, children becomes more prone to various injuries especially at school. So it is important to provide right information & guidelines for the management of traumatic injuries.

Information based on emergency management & treatment of traumatic injury to the tooth was given to the students as well as to the teachers, that gives way them to take right action at the right time. While providing information, it was also mentioned regarding the various deleterious effects of loosing the teeth & lack of care after injury, which can ultimately affect the proper functioning of tooth, growth of jaw as well as the aesthetics.

"Actions speaks louder than words". In order to give more accuracy to the awareness, a 'nuka natak' was presented upon dental trauma among teachers and students. Through the dramatization, children learned about fundamental concepts, first aid, and timely treatment for dental trauma.

Tobacco products consumption has become a global issue which is causing serious health effects. The history of tobacco consumption and its use among adolescents in India are well documented. These habits have deleterious effect on overall well-being of adolescent and prevent them to bloom fully to their potential. It has harmful side effect on oral and general health and may lead to death if persist for longer period of time. Almost all the countries and the WHO have policies and laws implemented to curb this global epidemic. In India, Cigarettes and other Tobacco products Act (COTPA) 2003 was formed and implemented from October 2008. In India, Cigarettes and other Tobacco products Act (COTPA) 2003 was formed and implemented from October 2008. This law intends to prevent the present and future generations from the adverse effects of tobacco use by forestalling youth.

School plays an important role in upbringing of the students. So as a part of the awareness, information based on tobacco products, its harmful effects that can cause to both general & oral health and about COTPA law were also discussed. By educating children, especially adolescents it is possible to limit the usage of consumption of tobacco products among children as well as of older individuals, as adolescence forms conjugator of childhood & adulthood.

Following the informative session regarding general health, prevention & early treatment of dental trauma as well as harmful effects of tobacco, quiz competition were conducted for the children and correct respondents were rewarded by the gift, thereby motivating the children for a bright, good oral health

## **DEPARTMENT OF PEDIATRIC AND PREVENTIVE DENTISTRY**

**"To the future leaders of tomorrow, may your smiles light up the world.  
Happy Children's Day, little changemakers!"**

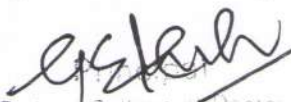

Children's Day is a special occasion celebrated globally to honour and cherish the well-being of children. Typically observed on different dates in various countries, it is a day dedicated to recognizing the rights, needs, and accomplishments of children. The day aims to promote love, care, and understanding for the younger generation. Children's Day serves as a reminder to society about the significance of protecting and nurturing the innocence and potential of every child. It is a time to celebrate childhood, promote education, and advocate for the rights and well-being of children around the world.

The **Children's Day** programme was conducted on 30<sup>th</sup> November 2023 in the Department of **PEDIATRIC AND PREVENTIVE DENTISTRY**

Paediatric departments often decorate their spaces with colorful and child-friendly themes. This could include balloons, rangoli, and artwork that create a festive and welcoming atmosphere

The programme was started at 11:00 am in the department of Paediatrics and Preventive dentistry. Various competitions based on enlightening dental health education were organized. Children's Day celebration was organized among undergraduate students (3<sup>RD</sup> YEAR & 4<sup>TH</sup> YEAR ) to create awareness about oral health in children and make dental care a fun and engaging experience. The event included two major activities: drape competitions and reel making.

  
Rishra, College of Dental  
Sciences and Research Centre  
Gandhi Nagar, Bhopal

  
DEPARTMENT OF PEDODONTICS  
RCDS & RC, BHOPAL

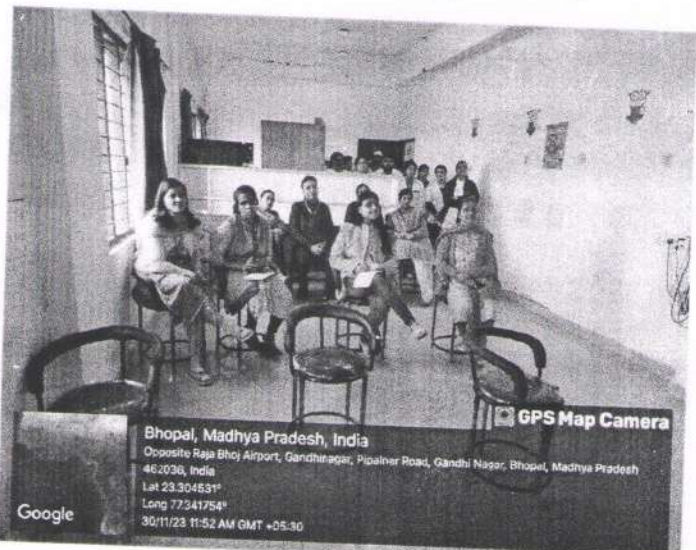

The objective of drape competitions to promote creativity and awareness about paediatric dentistry through artistic expression. Students utilized creative materials to design and decorate drapes with vibrant colors and educational messages.

The objective of reel making utilize visual media for disseminating information on paediatric dentistry in an entertaining manner. Students conceptualized, shot, and edited short films, ensuring they were informative yet engaging for a young audience and educating parents about the significance of primary teeth and the necessity of early dental care. Parental involvement in oral hygiene routines and regular dental check-ups is crucial for preventing dental problems.

Winning teams from both drape competitions and reel making were awarded certificates and prizes to acknowledge their efforts in promoting pediatric dentistry awareness.

The Children's Day celebration in paediatric dentistry through drape competitions and reel making successfully combined education with creativity. The event not only raised awareness about children's oral health but also fostered a sense of responsibility among undergraduate students towards promoting dental hygiene in the community. The integration of artistic expression and visual media proved to be an effective way to engage both students and the wider audience in the importance of paediatric dentistry.
